Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for approval of extension of the previously approved collection of information provided for in Rule 17a-12 (17 CFR 240.17a-12) and Part II of Form X-17A-5 (17 CFR 249.617) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 17a-12 is the reporting rule tailored specifically for over-the-counter (“OTC”) derivatives dealers registered with the Commission, and Part II of Form X-17A-5, the Financial and Operational Combined Uniform Single (“FOCUS”) Report, is the basic document for reporting the financial and operational condition of OTC derivatives dealers. Rule 17a-12 requires registered OTC derivatives dealers to file Part II of the FOCUS Report quarterly. Rule 17a-12 also requires that OTC derivatives dealers file audited financial statements (“audited report”) annually.

The reports required under Rule 17a-12 provide the Commission with information used to monitor the operations of OTC derivatives dealers and to enforce their compliance with the Commission's rules. These reports also enable the Commission to review the business activities of OTC derivatives dealers and to anticipate, where possible, how these dealers may be affected by significant economic events.

There are currently five registered OTC derivatives dealers. The staff expects that three of

those firms will register as Security-Based Swap Dealers within the next three years and therefore will no longer be subject to Rule 17a-12. Thus, only two OTC derivatives dealers will be subject to the requirements of Rule 17a-12. The staff estimates that the average amount of time necessary to prepare and file the quarterly reports required by the rule is eighty hours per OTC derivatives dealer¹ per year and that the average amount of time to prepare and file the annual audited report is 100 hours per OTC derivatives dealer per year, for a total reporting burden of 180 hours per OTC derivatives dealer annually. Thus the staff estimates that the total industry-wide time burden to comply with the requirements of Rule 17a-12 is 360 hours per year (180 x2). The Commission estimates that the average annual cost burden per OTC derivatives dealer for an independent public accountant to examine the financial statements is approximately \$46,300 per respondent. Thus, the total industry-wide annual cost burden is approximately \$92,600 (\$46,300 x2).

The retention period for the recordkeeping requirement under Rule 17a-12 is not less than two years following the date the notice is submitted. The recordkeeping requirement under this rule is mandatory to assist the Commission in monitoring OTC derivatives dealers. This rule does not involve the collection of confidential information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
